# DELL DI-20

## SPECIFICATION

---

## GENERAL

### Width

2.5 in

### Depth

.74 in

### Product type

Hard drive

### Height

4.0 in

### PC interface(s) supported

USB

### Weight

6.8 oz

### Digital player signal-to-noise ratio

94 dB

### Digital Player total harmonic distortion

0.1 %

### Flash memory installed

No built-in memory Integrated

### Digital storage

Built-in 20 GB 1.8" Hard disk drive

### Dimensions (W x D x H)

2.5 in x .74 in x 4.0 in

### Digital storage media capacity

20 GB

### Software type

MusicMatch, Microsoft Windows Media Player

### Digital storage media type

Hard disk drive

### Digital storage media form factor

Built-in

---

---

## DIGITAL PLAYER / RECORDER

### Digital player supported digital audio standards

MP3, WAV, WMA

### Digital player response bandwidth

20 - 20000 Hz

### Digital player playback modes

Playlist, Random play, Program play, One track repeat, All tracks repeat

### Digital player ID3 tags support

Yes

### External hard drive function

Yes

### Digital player additional features

Variable bit-rate compatible

## BATTERY

### Required Qty

1

### Rechargeable Battery

Rechargeable

### Included Qty

1

### Technology

Lithium polymer

### Capacity

1450 mAh

### Recharge Time

3.5 hour(s)

### Battery

1 x Lithium polymer Rechargeable Player battery

### Mfr estimated battery life

12 hour(s)

## AUDIO SYSTEM

### Sound output mode

Stereo

**Additional features**

Hold button, Auto power off, USB 2.0 compatibility

**CABLE(S) / PERIPHERAL(S)****Cable(s) included**

USB cable -

**BUILT-IN DISPLAY****Audio system built-in display**

LCD

**Diagonal size**

1.92 in

**Resolution**

160 x 104

**Backlight display**

Yes

**Display illumination color**

Blue

**Features**

Adjustable contrast

**EQUALIZER****Equalizer type**

Digital graphic

**Equalizer factory preset qty**

8

**Equalizer factory presets**

Pop, Jazz, Rock, Disco, Vocal, NewAge

**Equalizer user preset qty**

1

**Equalizer band qty**

4 bands

**Equalizer center frequencies**

100 Hz, 800 Hz, 3000 Hz, 12000 Hz

**MICROPHONE****Microphone type**

Built-in

---

## HEADPHONES

### Headphones type

---

Binaural

### Sound output mode

---

Stereo

### Connectivity technology

---

Wired
